

TO WHOM IT MAY CONCERN

This letter is written in support of and recommendation for Minke Murphy and his tennis organization, set point tennis.org.

Mike has been giving tennis lessons to my son, Sashank since the beginning of summer. I have noticed that Sashank has made significant improvement in his tennis game since starting to learn from Mike. He is able to continue long rallies and his serves are starting to become quite consistent. With encouragement and coaching from Mike, Sashank who is only 9 years old participated in a couple of junior tournaments for B12 and B10 divisions and did very well for his age and stature. Mike has made some significant concessions to his fees so we can afford to keep Sashank with the tennis instructions he needs to keep performing and improving his game.

Set Point Tennis also ran a Junior team tennis league this year in which Sashank participated. The league was very well organized by Mike and ran exceptionally well. Mike provided the kids with subs, pizza, water and powerade during the course of the league. On occasion Mike also baked cookies and brought them for the kids to enjoy. The league was the starting point for my son to enter match play and gain confidence to enter tournaments. Set Point Tennis also arranges a trip for my son and several other children to go and enjoy the activities and performances at Arthur Ash stadium on Kids day at US Open 2010, free of charge to us. If not for Mike my son would have not been able to go to this exciting event and watch the pros play. Sashank thoroughly enjoyed this trip.

I highly recommend Mike's set point tennis organization to be supported any way possible so he can continue providing value added services and help bring the joys of tennis playing to many kids who will not be able to continue the sport otherwise. This will help further the interest level in Tennis amongst many families in this area.
