To: Tennis Committee

This is a letter of recommendation on behalf of Mike Murphy and his efforts in teaching the game of tennis and instruction on proper tennis technique to my daughters. Since Mike has been instructing them, there has been a noticeable increase in their skill set for the game. Not only are they advancing in playing the game, it is important to point out how well Mike can interact with the kids to get his point across.

Mike seems to have a knack at breaking down the game so the kids understand what he is asking them to do and executing it. Mike's efforts in promoting the game of Tennis are quite impressive with his seemingly endless energy towards elevating everyone's level of play, along with a desire to share the game with anyone interested in learning.

Mike has great ideas for promoting tennis to all ages and I encourage the committee to help him in his efforts and support his ideas for getting more people involved in a lifelong sport.

Regards,
