United States Tennis Association

Re: Michael Murphy & Set Point Tennis Organization

To whom it may concern:

I am writing in support of Michael Murphy and the Set Point Tennis Organization and the Set Point Life Skill Mentor Program. The Berks County District Attorney's Office and the District Attorney himself are enthusiastic to corroborate with Mr. Murphy and the Set Point Tennis Organization in a program to assist at-risk youth in Berks County. As part of our support of this program, the District Attorney's Office will provide speakers, pamphlets, reading materials and instruction to inform our youth about crime prevention, drug, alcohol and tobacco avoidance, anti-gang programs and an overview of the criminal justice system. While we are committed to providing our services and materials for free, our commitment to this program is valued at approximately One Thousand Dollars (\$1,000.00).

The District Attorney's Office is committed to providing whatever resources that it can to serve at-risk youth in Reading and Berks County in order that they are given the tools to make the right choices so that they do not become another statistic in the criminal justice system. We hope that you will pledge your support for our joint initiative to give the at-risk youth in Berks County the opportunities they deserve.

The District Attorney's Office has worked with Mr. Murphy and the Set Point Tennis Organization in the past and looks forward to continuing their relationship in order to use this program and tennis as an avenue to help the youth of our community.

Sincerely,

A handwritten signature in black ink, appearing to read "John T. Adams", with a long horizontal flourish extending to the right.

JOHN T. ADAMS
District Attorney
Berks County, Pennsylvania
