

Recommendation Letter for Michael Murphy:

To Whom It May Concern:

I met Michael Murphy (Mike) about 5 ago. Over the years he has been a friend to me and a tennis coach to my children. Mike is one of a few individuals that I know that is passionate about growing the game of tennis and not just for his own monetary gains. I see mike putting in countless hours for USTA team tennis and even with his busy schedule he always finds time to reach out a hand to help anyone looking to get involved with the sport. He runs several tournaments a year and is always trying to get kids and adults involved with tennis. My children look up to mike and enjoy spending time on and off the court with him. He seems to truly enjoy mentoring and bring new people into the sport of tennis. He is also one of the few coaches that I know that will help anyone, several of the pros in the area just focus on the elite players, mike gets involved at all levels and just loves to see people enjoy playing tennis. He realizes this is a sport of a lifetime and tries to instill his passion and love of the sport to all around. Keep up the good work mike and thanks for all you have done to grow the sport of tennis.

Thanks for your consideration of this letter of recommendation:

Timothy C. DiNoto

President KALAN Corporation  
Twin Valley HS Boys and Girls Assistant Tennis Coach
